

Lesson 6

Hebrew Pronominal Suffixes

9.1 In Lesson 5, we studied the subjective (he, she, we) independent personal pronouns. In this lesson, we will study pronouns that can either be possessive (his, her, our) or objective (him, her, us). In Hebrew, these possessive and objective pronouns appear as \_\_\_\_\_ on nouns, prepositions and the definite direct object marker. For this reason, they are called \_\_\_\_\_.

When appearing on nouns, they are \_\_\_\_\_ as in “his book” or “her wisdom.” When appearing on prepositions or the definite direct object marker, they are \_\_\_\_\_ as in “to them,” “for them,” or “them.”

9.2 Independent Pronominal Suffix Paradigm.
